**RECRUITS FOR AIR SERVICE
SOUGHT IN AIR FLIGHT HERE**

Airship to Fly Over Maysville and
Mason County to Create Interest
in United States Army.

Arrangements are now being completed for the flight here from Lexington by an American Army Airplane next week, probably Thursday. The field at the County Infirmary just East of the city which will be used as a landing place, will be properly marked off after the circus leaves here Wednesday.

The purpose of this flight is to create interest in the United States army and especially in the air service of the army. The plane will carry, besides the pilot, a recruiting officer and two other recruiting officers from Lexington will come overland in an automobile to boost the game in Maysville. The plane will be in Maysville for the balance of the week and if there is much interest created it may remain longer giving daily flights.

**MINSTREL MAY BE
GIVEN BY HOME TALENT**

It was learned this afternoon that arrangements are underway by Fred Bassett, well known traveling salesman and former Minstrel star and "Gov" Bowen, one of the best known black face comedians on the stage, to give a home talent minstrel in Maysville in the near future. The matter is being taken up with the management of the Maysville Boys' Band and it is more than likely that the entertainment will be given for the benefit of that organization.

**RIVER GOING BACK
VERY SLOWLY**

The Ohio is going back into its banks very slowly and the gardens which were covered in this district show that they have suffered considerably. The seed has rotted and again the gardeners will be compelled to tear up their ground and replant which will make their gardens unusually late.

**COMMITTEES DINE WITH
COLONEL WILSON**

The special committees of City Council, Fiscal Court and the Maysville Chamber of Commerce dined with Lieut. Colonel Wilson at the Central Hotel today and talked over the matter of a permanent memorial for the Mason county men who gave their lives in the world war.

NO EASTERN STAR MEETING

There will be no meeting of the Order of Eastern Star this evening. Members please take notice.

JUNE COURT DAY
WILL BRING MANY
PEOPLE TO CITY

Arrangements Being Made by Stock
Sales Division of Chamber of
Commerce For Big Stock
Sales Here Next Monday.

Next Monday is regular County Court day and Stock Sales day and the Stock Sales Division of the Maysville Chamber of Commerce is making extensive arrangements for a big day here on Monday if the weather continues as favorable as at present.

It is announced that already dealers have advised the committee that they will have a good supply of stock on the market that day. A big lot of young stock is expected and some pure breeds will be shown at the stock yards.

Manager Chris Brown has the yards in better condition than they have ever yet been. A force of workmen has turned the deep hole in the North Eastern corner of the stock yards into a level plot and the yard is thereby much enlarged giving room for anything that may come. The official auctioneer will be on hand and will sell anything offered at public auction.

These sales have been announced through all of the newspapers in all adjoining counties and it is felt certain that there will be a great lot of horses and stock from those counties here for sale on that day. Just as soon as school closes and the boys who are members of the Boys' Band are able to get away in the day time, the committee is planning for band concerts in the city band stand on stock sales days and this is expected to help swell the crowds each month.

**OIL COMPANY HAS AT-
TRACTIONE NEW OFFICE**

The Coughlin building in Market street adjoining the Farmers & Traders Bank building will be occupied by the Bourbon Oil and Gas Company. Mr. O. L. Bartlett, local agent for the company, is having the room put in condition today for his occupancy. Since this room was extensively improved it is one of the most attractive in the city and is in the very heart of the city. Mr. Bartlett hopes to be able to occupy the building by the first of next week.

JULIUS MAKES GOOD

Patience and perseverance will accomplish wonders. Julius has acted the man and owned up. He has ordered the fence repaired, and he will pay for it. We thank you Julius, we know that you are like ourselves, and would not willingly injure or damage our city of the dead. It is our hope to make the cemetery of the most beautiful in this section, we need encouragement as it is all a work of love.

**RUSH PERIOD FOR
COUNCIL COMMITTEES**

Saturday and Sunday will be a rush period for council committee who have several very important matters to handle preparatory for the regular monthly meeting of City Council on next Monday evening. Next Monday's council meeting promises to be one of the most interesting of the entire year.

**REPUBLICAN CHAIRMAN
HAYS' MOTHER SUCCEEDS**

Sullivan, Ind., May 30.—Mrs. Mary C. Hays, 61 years old, mother of Will H. Hays, Republican national chairman, expired at her home here last night of cancer of the stomach. She had been ill many weeks.

Dr. F. M. Smith and daughter, Miss Ethelene, of Dover, left today for Davenport, Iowa, to visit Dr. Smith's son, Dr. Freeman Smith and family.

NC-4 COMPELLED TO
ALIGHT ON HER LAST
LEG OF VOYAGE

Commander Read Wires Back That He
Cannot Make Plymouth Tonight
But Is Compelled to Land.

London, May 30.—The following wireless was received today from Lieutenant Commander A. C. Read: "NC-4 at Mondego River (700 miles north of Lisbon). Must await high tide. Seaplane o.k. Cannot make Plymouth tonight."

Read's message contained nothing to indicate the plane had met serious trouble.

Read's message, announcing the descent at the Mondego River, asked that the destroyers maintain their positions and inquired which was the best port within 300 miles.

Washington, May 30.—Commander A. C. Read in the Navy-Curtiss seaplane NC-4, pioneer trans-ocean flying boat, is on his way to Plymouth, England, completing the last leg of his overseas flight.

He left Lisbon at 5:24, G. M. T. this morning according to delayed despatches to the Navy Department from Admiral Knapp at London and from Lisbon.

A later and garbed despatch reported the NC-4 safely passed Station Ship.

The Lisbon-Plymouth leg is about 725 miles and if Read is able to maintain a speed equal to that on previous stretches of his journey he should reach his British Isles objective about 10 a. m.

Owing to unfavorable means of communication between Plymouth and Washington, navy officials here anticipated delay in announcement of Read's safe arrival.

Plymouth, England, May 30.—Leaving Lisbon at 5:20 this morning en route to Plymouth, the American trans-Atlantic seaplane NC-4 passed the first destroyer station at 9:02, according to despatches received here.

The big seaplane was expected to reach Plymouth early this afternoon. The moment she gets in wireless communication with this port, three seaplanes are scheduled to fly seaward to meet her and salute her. They will escort her to Plymouth Harbor, where Lieutenant Commander A. C. Read and his crew will be transferred to the U. S. S. Rochester for the night. Tomorrow at 11 a. m., according to the program, they will land in England, the mayor and high British navy officers greeting them.

Their stay in England probably will be short, as Read and his men soon will present before the Aviation Congress in Paris the data gathered on their trans-Atlantic flight.

FOREIGN TOBACCO MAY
BE TAXED, OFFICERS SAY

State Department Informs Louisville
Authorities That Foreign Owned
Tobacco Is Not Exempt From
Taxation.

The Louisville Courier-Journal says:

Following receipt of a letter by M. H. Thatcher, City Department Council from the State Department in Washington to the effect that tobacco stored here by the representatives of foreign Governments, which heretofore escaped taxation on the plea of comity of nations, is subject to taxation.

The State Tax Commission will instruct tax commissioners to list this tobacco for taxation, according to a communication received by Mr. Thatcher yesterday.

"The advice received from the State Department to the effect that no international agreement exists between the United States and foreign Governments exempting their products from taxation apparently will be the basis of State action against the foreign tobacco representatives," said Mr. Thatcher. "Now that the status of the foreign tobacco is determined and the State Tax Commission will instruct County Tax Commissioners to make assessments against this tobacco, the exemption claims of representatives of the foreign Governments should not be considered."

VETERANARIAN WITH CIRCUS

People who love horses, ponies and dogs, (and there are few of us who do not) may be interested in the news that this year Gentry Brothers are carrying with their famous shows a veterinarian, a highly specialized surgeon and practitioner, who explains to visitors interested in animals how Gentry Brothers carry over 200 ponies on the road and never have any ill for any length of time. This is true of the Gentry horses and dogs, also to say nothing of the wild animals in the interesting menagerie of the circus.

The veterinary surgeon invites stockmen to visit him at the circus grounds in Maysville on Wednesday 4 when Gentry Brothers Famous Shows come to town.

ENEMY'S PLEA IS TO
BE DENIED BY ALLIES

Entrance into the League of Nations
Is to Be Delayed and Colonies
Are Irretrievably Lost.

Paris, May 30.—Such modifications of the peace treaty as may be made in response to Germany's final counter-proposals probably will be limited to the economic, reparations and territorial sections, it was learned from an authoritative source today.

Germany's contentions regarding a plebiscite for upper Silesia are understood to be the subject of special consideration by the allies. There are many responsible persons, too, who admit the economic provisions are at least "pretty stuff."

The reparations plan has been criticized freely. Many allied peace delegates are known to feel, as the Germans declare, that the reparations clause should name a specific amount rather than take on the nature of a blank check, although there is no disposition to agree with the enemy that the amount should be only \$25,000,000,000.

There appears to be little likelihood that Germany immediately will be admitted to the League of Nations, as the counter-proposals demand. In this connection it can be stated authoritatively that there is absolutely no chance of her ever entering the league with a mandate over her former colonies. She must consider her colonies lost irretrievably.

MANY HOMES DECORATED

Many homes and stores throughout the entire city were decorated with flags and bunting Friday and the stores in the downtown district most every one displayed flags in honor of the dead heroes of our armies and navy.

Cataract Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure cataract deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surface. Hail's Catarrh Medicine acts through the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hail's Catarrh Medicine. Circulars free. All Druggists, 75c.

SUNDAY SCHOOL LESSON
JUNE 1, 1919.
Heb. 11:1-10, Heb. 12:1-2.
Topic: "The Place of Faith
in the Christian Life."
REV. J. J. DICKEY.

The sinner is justified or pardoned by faith. The Christian stands or walks by faith. The sinner trusts God for pardon, the Christian trusts God for success in his work, for protection from the assaults of Satan, for victory over the world and the flesh, and for success in his work. The faith of this lesson is the faith of the Christian not of the sinner. Faith is not the gift of God, but is the act of the creature. It is man's confidence in God. The heroes of this lesson believed God. When God told Noah that he would destroy every living thing with a flood, he believed him, and showed his faith by proceeding to build an ark according to God's directions. When God told Abraham that he would make a great nation from his loins he believed him and his faith led him to obey every command that God gave. The sinner goes to God for the pardon of his sins. He confesses them to God, forsakes or quits them, and believing the promise, "Whosoever shall call upon the Lord shall be saved," he prays and is saved or pardoned, and God gives him the holy spirit in witness of that fact. He is now a Christian. Thus filled with the spirit, he starts to live a Christian life. He takes God's word as his guide, reads the promises, believes them, and God gives him overcoming power. Without implicit faith in God to give him this power he does not receive it. The worthies recorded in this eleventh chapter of Hebrews were successful in their undertakings because of their faith in God. The same principle holds in living a Christian life today. "This is the victory that overcometh the world, even our faith." 1 Jno. 5:4.

**BAKER AND WILSON IN
MEMORIAL DAY STATEMENTS**

Washington, May 30.—The significance of Memorial day this year, the first since the close of the war, was interpreted in statements by Secretaries Baker and Wilson. "The spiritual progress of America," said Secretary Baker, "is shown by our addition of fresh glory to this day, set apart to memorialize the nation's heroic dead. There is no division of its ancient significance, but fresh meaning is added by those who have died on foreign soil to perpetuate the liberties for which their ancestors gave their lives at home."

Secretary Wilson appealed to the labor forces of the country especially to recognize that it is their "privilege to carry on the work" for which the nation's heroes have died.

BARACA CLASS

Much interest is being shown in the enlistment plan started by the Baraca Class of the First Baptist Church. Last Sunday a number of recruits were brought in by several of the company captains and lieutenants. C. S. Kirk, the teacher, gave a strong, virile talk on repentance, at the last meeting. With much spiritual fervor he showed the nature and origin of repentance and traced the results that flowed from it, viz, the new vision, the new longing and earnest desire for the salvation of souls, and the manifold blessings in service. Come to hear him Sunday morning, 9:45. You will be given a cordial welcome.

**P. J. NOEL WILL MAKE
GOVERNMENTAL RACE**

Frankfort, Ky., May 30.—P. J. Noel, of Harrodsburg, filed his declaration today as a candidate for the Democratic nomination for Governor.

Thankful

We are very thankful to our customers for the liberal manner in which they have purchased and paid for their Liberty Bonds. The Victory Bonds will be ready for delivery just as soon as the Government can get them printed.

In the five Liberty Bond campaigns this Bank purchased for itself and customers over

Two Million Dollars Worth of Bonds

It is a great pleasure and choice privilege to live and do business in a community that so cheerfully and generously meets all of its Government's calls, as this community has during the war.

Now let us commence to forget the horrors of war and direct our thoughts and actions to reconstruction and the building of a bigger and better Maysville and Mason County. We are with you to that end, and want you to use us in every way that a Bank and Trust Company can serve you.
